

## Big Two Day Celebration Set Up For Annual Homecoming

"SAC students and alumni may look forward with anticipation to this year's Homecoming, because the two-day celebration promises to be one full of fun and activity," said Sky Dunlap, Del Ano adviser.

## Coeds Compete To Reign Queen

Sponsored by the various campus organizations, nine SAC coeds are competing for the title of Homecoming Queen.

The queen is elected by those who buy tickets to the Homecoming Dance. On the dance ticket there is a special ballot on which the purchaser may mark his choice for Homecoming Queen. Voting began November 2, and will continue 'till noon on November 10.

The candidate received the highest number of votes will be Homecoming Queen. The queen and her two attendants will be announced during the half-time activities at the Santa Ana-Riverside football game, Thursday, November 12.

The Homecoming Queen will be crowned during intermission at Homecoming Dance by Russ Patterson, President of the Associated Students of Santa Ana. She will then rule over the remaining Homecoming activities.

Those competing for Homecoming Queen are: Barbara Baggerly, co-sponsored by Las Meninas and the Vets Club; Judy Cole, sponsored by the Bachelors; Connie Durham, sponsored by Las Hidas; Gloria Erquiaga, sponsored by Newman Club; Ruthie Hall, sponsored by International Students Club; Gretchen Heysel, sponsored by Young Farmers; Maureen Holthe, sponsored by the Spinners; Jeanette Prather, sponsored by Buccaneers; and Virginia Webster, sponsored jointly by Los Caballeros and Las Gitanas.

**CAMPUS QUEENS** — From these nine SAC girls, one will be chosen queen and two will be princesses for next week's Homecoming festivities. From left, they are Judy Cole, Jeanette Prather, Connie Durham, Barbara Baggerly, Ruthie Hall, Maureen Holthe, Virginia Webster (lower), Gretchen Heysel and Gloria Erquiaga.

Highlighting Thursday, November 12, is the Santa Ana vs. Riverside football game in the Santa Ana Bowl at 8 p. m. Friday, November 13, will feature the Homecoming Dance in the Student Union at 9 p. m.

Former Dons have a special seating section next to the SAC rooters reserved for them at the Bowl. They will also be guests at the Homecoming Dance.

### Invitations Sent Out

Invitations have been sent to former students who attended SAC as far back as 1915, when the college was founded. Volunteers from the freshman class helped with the task of compiling the mailing list and sending out the invitations. Co-chairmen of the alumni committee are Ed Meyers and Herb Larsh.

While the Santa Ana football game is scheduled for Thursday, November 12, at 8 p. m. in the Bowl, the Homecoming Dance is set for Friday evening, November 13, in the Student Union from 9-12. Gracie's Debonnaires will furnish the music for the dance.

## Investigation Shows Rare Collection Of Books Printed On SAC Campus

Mrs. Lavinia Compton Knight of Fullerton, a former SAC student and editor of Del Ano, visited the campus recently.

Mrs. Knight is gathering information for an article for the Fullerton Library about the publishing of 29 books during the 1930's at the combined Santa Ana College and high school print shop under the copyrighted name of Santa Ana Fine Arts Press. She received much of her information from the SAC files through the assistance of Miss Ruth Bradley, college librarian, and other members of the faculty who were at the college at the time of the book printings.

Mr. Thomas E. Williams of Los Angeles was the printing instructor for the Santa Ana College when limited editions of the books, now rare collector's items, were published. The Fullerton Library has purchased from him his collection of these books and the source material for them.

**School Press Used**  
The press on which the books were printed is now on the Santa Ana High School campus and is being used to print high school and college material.

Mrs. Knight also obtained valuable information from Mary Louise Wallace Getty, former SAC student and now a staff member of the Santa Ana Public Library. Mrs. Getty was Mr. Williams' secretary at the time and worked in the print shop, helped with the planning and hand painting several of the editions.

SAC students who were enrolled in the printing classes assisted in the work. Jean and Arthur Ames, at present instructors at Claremont College, made the linoleum blocks for a book of poems and did special work hand color-

ing some of the editions. Willard Francis was the linotype operator and Jack Reed, assisted by Arthur Hull, was the pressman. These men are all in the printing business in Santa Ana.

### Rare Books

From two hundred and fifty to five hundred copies were printed of most of the editions. Only four copies were made of one book, *The Sermon On the Mount*. It has velvet covers and was hand illuminated by Mrs. Getty.

The Santa Ana College library has 17 original copies of the books on its shelves. Among them are books on the history, traditions, and landmarks of Orange County by the late Terry E. Stephenson, onetime county treasurer, postmaster, and Santa Ana Register editor. He was credited with being one of Orange County's best informed historians.

### Handmade Paper Used

Dorothy Smith Sides, professional artist, illustrated at least two of the books. One was the leather-bound edition of *The Seven Questions of Timur*, a translation by Ahmed Kamal, who recently had an article published in the Saturday Evening Post, of an original manuscript of a tribe in central Asia. Mrs. Getty recalled that "the beautiful Adonis script type for this book was hand set and was

## New Books In SAC Library

Among the SAC library's collection of new books is the best-seller, *The Silent World*, by Captain J. Y. Cousteau and Frederic Dumas.

It is the story of undersea discovery and adventure as told by the first men to swim at record depths with the freedom of the fish.

Cousteau and Dumas tell what it is like to swim with the sharks, mantas, morays, whales, and octopi. They tell of exploring sunken ships, some torpedoed in World War II, and one that sank in 80 B. C., and of the treasures they found.

Cousteau writes of "seeing blood flow green, of waltzing with an octopus, and hitch-hiking on a tortoise, of his pioneering feats of undersea photography and submarine archaeology, of swing into an octopus city, and hunting giant fish with an explosive harpoon."

This book has long been on the best-sellers list. SAC students should find it informative as well as fascinating.

*Time And Time Again* is James Hilton's latest novel. It is the story of Charles Anderson, whose post in the British Foreign Service takes him to many parts of the world.

"*Time And Time Again* flows on as smoothly as its title, mounting to a startling but completely credible climax."

SAC library has also added a book written by the Pulitzer Prize winner James A. Michener entitled *The Bridge at Toko-ri*. It is the story of the men of a naval task force operating in the icy waters off the Korean shore and of how they carried out a vital mission.

## El Don Mailbag

Editor's note: Students are encouraged to use El Don Mailbag columns to publicize any subject they feel should come to the attention of the students.

All letters for publication may be turned in to the switchboard in the Administration building.

Dear Editor:

Through observance at last Saturday's football game I would like to voice my opinion of Santa Ana College's cheer leaders.

I think they have done and are doing a wonderful job towards the morale of the students and in letting the team know the students are backing them up.

Throughout the games they not only lead cheers for the team but help to keep the spirit of the students at a high level.

Let's show them we are with them by keeping up our end and co-operating with them.

The book entitled *Chinichnich* is an historical account of the beliefs, usages, customs and extravaganzas of the Acaghemem Indian tribe which lived at the San Juan Capistrano Mission.

### Portfolio In Collection

Also included in the SAC collection is a portfolio of hand colored plates of decorative Indian art, a book about Navajo weaving, two biographies, one which is about Don Bernardo Yorba.

"These are among the finest examples of book publishing in the United States," stated Ruth Bradley, SAC librarian.

## Student Returns To Work In Library

Mrs. Esther Scriven, former SAC student, is now working daily in the college library.

Mrs. Scriven attended SAC last year to take the library science course taught by Ruth Bradley, librarian. She works in the library daily from 8 a.m. till noon, doing reference and circulation work.

## Janie Barger's Third SAC Baton Twirling Mascot Season With Dons

By Nan Morales

Janie Barger, SAC Band Mascot, will be nine years old on November 24. That's just two days before the Dons face Fullerton JC at the Bowl on Thanksgiving. "The best birthday present for me will be a Don victory Thanksgiving Day," said Janie as her eyes twinkled with joy.

Janie started taking baton lessons at the age of four in Long Beach from Ted Otis, a five-time National Baton Contest Winner. At five, Janie walked off with top honors in the young novice division in baton twirling, at Los Angeles County Fair in Pomona. She topped 20 other entrants in that division.

### Medal Winner

A natural baton twirler, Janie has already annexed 19 medals and 13 trophies in her young career. This summer she won first place in the National Championships, ages 7-11, at Baldwin Park. In the Aerialist Division she has won first place honors for two years now.

This is Janie's third mascot season with the Dons. She has been featured on and off the field during the half-time stunts and formations presented at the SAC home games.

Her "winning influence" extends beyond the Dons, however, she put in an appearance at the pool side for the Crippled Children's Benefit with Pat McCormick, the Olympic Diving Champion last June. Several years ago Janie was also a featured guest baton twirler for the Los Angeles Rams at the Coliseum. Among Janie's full schedule of performan-

ces, contests, and shows, she always finds time to lead the Grottos.

### Ability Plus Personality

"Janie is one of the finest baton twirlers in the entire West. She is one of those unusual kids with talent galore, who hasn't let it go to her head. Janie is still the same sweet person we met some years ago, before she gained national prestige as one of the finest juvenile majorettes in the country."

"Wherever Janie goes, she

"stops the show" with her maneuvers. This tiny majorette has a wonderful future ahead of her. How can she miss with such ability and such a sweet disposition," commented the Orange Grotto Drum & Bugle Corps.

## Ah, English?

We'll begin with box; the plural is boxes, But the plural of ox should be oxen, not oxes. One fowl is a goose, but two are called geese, Yet the plural of mouse should never be meese. You may find a lone mouse, or a whole nest of mice, But the plural of house is houses not hices. If the plural of man is always called men, Why shouldn't the plural of pan be called pen? The cow in the plural may be called cows or kine; But a bow, if repeated, is never called bine; And the plural of vow is vows, never vine. If I speak of a foot, and you show me two feet, And I give you a boot, would a pair be called beet? If one is a tooth and a whole set are teeth, Why shouldn't the plural of booth be called beeth. If the singular's this, and the plural is these, Should the plural of kiss ever be written Keese? Then one may be that, and the two would be those, Yet hat in the plural would never be hose. Then the masculine pronouns are he, his and him, But imagine the feminine, she, siis and shim! So the English, I think you all will agree, Is the funniest language you ever did see.

## Closely Knitted To Industrial Development of Orange County

There is little question to the fact that the modern world is quite an improvement over the dark ages. The chief factor for this improvement is the advancement of schools.

Because of schools, man has been able to raise the living standards, improve living conditions, and in general make it a more pleasant place for the human race.

But, it is not the school alone that has done this. It has been the people's will to learn and make improvements that has caused the race to go forward. Man has been willing to learn from mistakes of others, hence advancements have been made.

That is where the schools have come in. Teachers pass on to the student the knowledge that they have gained, as the student in turn advances that knowledge to his children.

Once more, Santa Ana College has opened its doors to the students that are to advance the race.

Now is the time to learn — really learn about what goes on in the world. In just a few years more you will probably have a business of your own or want to work at your certain position — but you'll first have to know what goes on in the world.

This is the end of the first Mid-Term, and there's nothing you can do now to change those grades! But you, yes I said YOU, can all set your aim high, for better grades for next quarter.

SAC Spanish Club known as Los Santos, reorganized recently after two years of inactivity. Newly elected officers of the club are Gary Fuller, president; Alfred Wilson, vice-president; Maureen Holthe, secretary; and Barbara Lawrence, treasurer.

Teresa Alvarez, SAC student from Mexico, spoke before the group on new developments in her country. "Colonial customs are fast disappearing because of a new and improved high-

of the country. This has been most effective in bringing civilization to the remotest 'pueblos' of my country," she said.

On the invitation of Mr. Olivos, owner of the Yost theater, members of the club saw two Spanish films, "Porque Peca La Mujer," and "Maria Cristina."

The following students were present: Jackie Anderson, Ruth Beutel, Mary Lou Bird, Robert Cashman, June Conner, Jerry Hollenbeck, William Foot, Gary Fuller, Maureen Holthe, Eugene Mendes, Clemente Mendez, Elinor Neilson, Bill Oakley, Bob Oakley, Albert Robles, Alice Schilt, Janet Tidball, Norman Williams and Alfred Wilson.

Los Santos meets the first and third Monday of every month.

Former SAC student Lt. Robert A. Chew, was awarded the Silver Star medal for bravery in action against the North Korean troops in Korea.

Lt. Chew, 208 Halladay St., was given the medal by Maj. Gen. Arthur Trudau, commanding general of the 7th Army Division in Korea. Chew is a member of Co. "A", 31st Infantry Regiment of the Division.

Robert Chew attended SAC in 1949-50. "He was active in all school activities, and would have been a strong candidate for Student Body President, had he remained at Santa Ana College," said Dr. Daniel C. McNaughton, College Director.

Chew enlisted in the army in January, 1950. He graduated from OCS at Fort Benning, Georgia, and received his commission in July, 1952. He went overseas in March, 1953, and has been serving with the army in Korea since that time.

The citation accompanying the medal praises Chew for gallantry in action near Mak Ton, Korea, on June 16, 1953. Lt. Chew rescued four wounded men under enemy fire, and enabled two more to escape to safety.

## Future Determined By Study Business Education Dept.

(Editor's Note: Following is the third of a series of articles written by Lorraine Elam, El Don reporter, to acquaint students with the various departments of the college.)

Manufacturing, merchandising, transportation, banking — these are a few of the industries that have made the United States the production and distribution wonder of the age.

The men and women at Santa Ana College, who are taking subjects in business education are preparing themselves for a place in the administrative, the secretarial or the selling departments in one of these vital industries.

"All our lives we are selling something, either goods services, or ourselves," said Mr. Neevil Helm, head of the Department of Business Education. "An understanding of salesmanship and the basic principles of business administration are valuable assets regardless of the field a student plans to enter," he continued.

### Business Administration

In business administration the subjects taught are accounting in all the broad divisions of industry, the law governing business transactions, and consumer economics, which is the study of forces present in our economic system as related to every-day life.

Retail selling, as well as house to house an demonstration selling, are taught in the course in

heads and store managers," she added.

### Secretarial Training

In the secretarial department students learn shorthand, typing, the operation of business machines, as well as filing and general office procedures. At the completion of the typing course students are able to type from fifty to ninety words a minute.

A step forward in the teaching of shorthand has been the installation of transcription machines which are provided with a number of head phones. Plastic records are cut to provide dictation practice from beginning speeds of forty words a minute up to 150 words a minute, depending on the progress of the student.

"Intensive training is available for students who wish to finish a secretarial course in one year," said Helm, and added, "As a personal skill, students have found that the ability to type is helpful in their college work and later on in life."

### Men Needed

"There is a shortage of men who can type and write shorthand," stated Miss Alice Smith, instructor of shorthand, typing,

## French Club Will See French Show

French Club students plan to dine in a French restaurant and attend a French show next Saturday, November 14. Any French student who is interested is invited to attend.

At the last meeting of the French Club, which met in the Student Lounge, club members decided to attend the show, *La Belle et la Bete* (Beauty and the Beast), which will be playing Los Angeles November 14. Those who attended the meeting, also learned to play the word game, "Anagrams" in French, with the help of Carl Schulz, club adviser.

Some French songs were sung, and then the meeting was closed by acting president, John Merino. Carol May was acting secretary.

and the operation of business machines. She explained that, "men who know shorthand and typing are in demand by the armed services and by executives who travel or work at irregular hours. They are needed where there are offices in industrial areas, wharf sites, and mill plants."

"It is the goal of the Business Education Department of Santa Ana College to train students so that they may competently serve the community," stated Helm in a concluding interview.

## Denbow Wins, Orange Coast Slashes Santa Takes First As Ana's Dons At Huntington

### So. Cal. Runner

Ed Denbow, SAC cross country running star is Southern California's number one runner with his first place among 120 competitors in the annual Mt. San Antonio College Invitational.

Denbow won by 75 yards over the 2.7 mile course in the excellent time of 14m 29. Joe Holland of Santa Monica was second.

The Dons finished third in the team event behind Santa Monica and Glendale. Leonard Suverkrubbe of Santa Ana placed first, Jim Sebio was seventeenth, Tom Noll was twenty-eighth, and Orlan Grunklee was thirty-eighth.

Orange Coast's Pirates out-scored the Dons 21-13 in a slashing Eastern Conference game at Huntington Beach last Saturday night, almost putting the Dons out of the championship race.

Orange Coast scored twice in the first five minutes of the first quarter leaving the Dons behind 14-0, Santa Ana climbed to 14-7 by the half and then in the fourth quarter pushed the score to 14-13 but the Pirates scored again in the last minute of the game.

Neither the Dons or the Pirates were able to mount a sustained offense and depended on the "breaks" for their touchdowns. These so called "breaks" came out in this order.

#### Pass High and Wide

Pirate John Steinborn punted out of bounds on Santa Ana's 20 yard line in the first quarter. Jim Roberts went back to kick for the Dons from the ten yard line. Center John Linquist's pass to Roberts was high and wide, it rolled into the end zone where it was recovered for a touchdown by guard Dave Heikes. Steinborn kicked the goal 7-0.

Orange Coast kicked off and on the first down Gene Geselle's pass was intercepted by Steinborn on the 30 and returned to Santa Ana's 22. Steinborn made 8 Jim Boeker made two and nine before Steinborn ran end for the TD, and kicked the goal, 14-0.

Midway in the second quarter Carence Kealoha of Orange Coast

punted to Don safety man Steve Page, who took the ball on the Don 15 and whizzed down the sidelines 85 yards to score. Roberts passed to Gene Frehler for the extra point, 14-7.

#### Garcia Scores

Six minutes left in the fourth quarter, the Pirates attempted a fourth-down field goal from Santa Ana's two-yard line. Several Don linemen blocked Jack Upkykes kick. John Garcia snatched the ball and rambled 85 yards for a touchdown. Jack Elder tried to run end for the tying point but was cut down, 14-13.

With a minute left in the fourth quarter Dick Aarvold punted out on the Santa Ana ten. Elder's pass was kicked off by Coast tackle Glenn Kaminsky on the 15 and ran back for Coast's third tally. Mike Schenck kicked the extra point, 21-13.

## Dons Leave For Ontario To Tilt Chaffey's Panthers In Home Field

Santa Ana's Dons football squad leaves tonight for their tilt against the Chaffey Panthers at Ontario. Chaffey's Panthers are holding up the cellar in the Eastern Conference League.

The Dons will probably have the same line-up as they had in last weeks game with the Orange Coast Pirates. Jack Moynihan and Eddie Liptrap at guard; Larry Holcomb, Chuck Lyons at the tackle positions; ends Ronald Adel and Jarrett Terrel; Jack Elder, Chuck Neal at half; the backs will be Jim Roberts and Gene (red-nose) Geselle. In the center position for Santa Ana will be John Linquist.

#### Two 200 Pound Tackles

Chaffey is not to be underrated, the Panthers have a strong line and are fast all around. Two 200 pound tackles Russ Young and Don McClary, spark the Panther line. Warren Hawley, a dangerous ball carrier in any competition, heads the Chaffey offensive department with an imposing 9.4 yards per leather-tote.

Looking at the Panthers from the standpoint that they haven't had a victory this season, they will probably be read to wipe someone of the gridiron soon.

Chaffey's Panthers are a little unorthodox in their signal plays and do not usually follow a pattern. The line is big and rugged, but are not up on the finer points of the game, they just like to plow through the line and they have the weight behind them to do it.

#### Tied Riverside

The Panther club is currently at a fair performance position after playing powerful Riverside to a tie in opening conference play.

Santa Ana's Dons are now in fourth position in the Eastern Conference League with one win and two losses. Chaffey's Panthers are in last position without a win, one tie and a loss.
